What a beautiful day we had. Great weather in the Park for 30 of the finest musicians we could gather to Hit the Note. To all you musicians...very few people can truly appreciate how hard you work to be able to play like you do. Thank you for keeping it about the music and the causes. You are truly great people! If it weren't for the music (and good food-thanks Saralyn-) our security would be bored to tears. Thanks to all who attended for your generous food contribution, your enthusiastic support and for making this a trouble free, kid friendly event each year. We have become "family". Mama Louise came out on stage and reminded us of how special this event is. Duane's life, birthday and music point back to her on many levels.

The Macon Rescue Mission, Mr. Jeff Nicklas, says thanks to all. It was a record collection of food for them at a time of great need. Please continue to support them and all of our kind sponsors.
